RESEARCH FUNDING IN GERMANY - AN OVERVIEW FOR FEMALE SCIENTISTS

TUESDAY, FEBRUARY 24, 2015, INM, LEIBNIZ-SAAL, CAMPUS D2 5

Fundraising for your own research is a challenge female scientists at all career stages have to meet. But which funding possibilities and sponsors do exist? Which funding program is the most suitable for you and your research? Especially for young scientists, the multitude of funding programs, fellowships, and awards in Germany tends to be hardly manageable anymore. Our information event offers an overview of the “funding jungle” and addresses female scientists in the STEM field (Science, Technology, Engineering, Mathematics). Particularly PhD students and postdocs will benefit from professional suggestions for their individual scientific development and from the experiences of three examples for successful fundraising.

PROGRAM

9:00 Welcome
9:15 Paths through the funding jungle - national and international research funding opportunities at a glance
   Dr. Verena Krenberger, Research Coordination Office, Saarland University
10:45 Coffee Break
11:00 Anita Borg Memorial Scholarship
   Anna Schmidt, Computational Linguistics, Saarland University
11:30 To make it happen – PhD and kids supported by the Christiane Nüsslein-Volhard foundation
   Simone Anderko, Biochemistry, Saarland University
12:00 How to achieve scientific independence with the Emmy Noether Programme
   Jun.-Prof. Dr. Christine Peinelt, Biophysics, Saarland University
12:30 Conclusion and End of the Event

REGISTRATION UNTIL FEBRUARY 15, 2015 VIA E-MAIL TO: GLEICHSTELLUNG@INM-GMBH.DE.

A joint event of the Equal Opportunities Office of Saarland University and the Equal Opportunities Commissioners of the INM – Leibniz Institute for New Materials.
